

Information regarding the security seal affixed on the adhesive packaging

NTT Advanced Technology Corporation
Optical Product Business Unit,
Global Business Headquarters

July, 2018

We would like to inform about changes in our practice of labelling products for shipping. At NTT-AT, we have been affixing labels to Adhesive products as a security countermeasure against counterfeiting. As explained below, we have decided to affixing labels to all of our Adhesive products from now on. This will have no affect on the characteristics of any of our products, so please continue to use them with confidence.

[Targeted items]

Glass bottles, poly (PET) bottles, metal tubes, metal cans

*Excluding syringes

[Implementation schedule]

Shipments after 2018/7/1

[Examples]
